Notes to Editors:

Warwick Castle is easily accessible from Junction 15 of the M40, just 40 minutes from Birmingham and 1 hour 40 minutes from London. Warwick Castle is easy to reach by train from London Marylebone in only 86 minutes.

The Castle, set in 60 acres of grounds designed by Capability Brown, rests on the banks of the River Avon at the heart of historic Warwick. Throughout 2014, every show and attraction at Warwick Castle will be re-imagined as part of celebrations to mark the site's 1,100th anniversary.

The Trebuchet Fireball Spectacular, launching this Easter (5 April) features the world's largest working siege engine hurling fireballs further than ever before and towers of flames thirty feet high. The new show, on the banks of the River Avon, is the fiery start to the year-long celebrations and takes place twice daily.

New for March is Afternoon Tea: taken in The State Dining Room from £59pp including Taittinger champagne and a selection of fine teas and patisseries, this is where seven monarchs have been entertained.

New for Easter 2014 is the addition the UK's only free flying Andean Condor and the only one to take part in a show of this kind. With a wingspan of up to 10ft 6in, these birds are the largest bird of prey in the world.

Glamping makes a welcome return to the Castle's riverside meadow this summer (24 May-31 August), now with 41 tents including three new luxury King's Tents and 38 Warwick Tents. Costing from £200 per night for a family of up to six, the price includes breakfast, two-day Castle admission, car parking and entertainment. King's Tents even feature wooden four-poster beds.
