

Sensory & Mobility Guidance 2026

Dead Centre Stage Entertainment

Festival entertainment including DJs, bands, circus acts and magical compare

Mobility Guidance

- Situated on the castle courtyard lawn, the stage is accessible to wheelchair users and those with limited mobility There are benches and tables in place for those who wish to use them.

Sensory guidance.

- Sound volume is set at a concert volume. There are strobe effects, smoke and flashing lights.

Silent Disco

Bring your friends and choose your favourite tracks to enjoy a magical silent disco in the most unique setting; on top of Warwick Castle's ancient mound.

Mobility Guidance

- This takes place along the trail climbing the castle mound and is therefore not accessible to wheelchair users and may be difficult for guests with limited mobility.

Sensory Guidance:

- Sound volume is set at a comfortable level. There are no strobe effects or rapid flashing lights. Coloured moving lights will be present.

The Haunted Hollows

The Haunted Hollows ramp up the scares to become more chilling after dark. Darker characters, eerie atmosphere, jumps, scares and lots of fun.

Mobility Guidance

- This scary themed walk through is accessible to wheelchairs and those with limited mobility.
- The exit, however, is via a steep set of steps. A return route to the entrance is in place for those guests who might not manage these steps.

Sensory Guidance

- This attraction uses strobe effects, flashing lights and smoke. Music and sound effects are set at a high volume. Characters in the hollows will be intent on scaring you After dark the area might feel intensely claustrophobic to some guests

The Other Side

The legend of a supernatural gateway being left open after an abandoned séance at Warwick Castle is well documented. However, what most do not realize is that the gateway does not let spirits into our world, it is a gateway to The Other Side, a parallel universe where unsuspecting travelers find themselves lost for eternity, desperately seeking the way out.

Mobility Guidance

- This scare maze takes place upstairs in the State rooms and is not accessible to wheelchair users and may pose problems for those guests those with limited mobility. Please see step count below.

Sensory Guidance

- The attraction features flashing lights and strobe effects. Music and effects are set at a high volume. Characters will be intent on scaring you and there will be jump scares throughout. This area may feel intensely claustrophobic to some guests

Step Count

- Entrance to Princess tower 13 steps
- Through the Chapel 3 steps.
- Stairs to the 2nd floor 26 steps
- Up and down to minstrels' gallery 2 x 6 steps
- Exit via spiral staircase 36 steps

The Terror

As the plague ravages across Great Britain, the inhabitants of Warwick Castle decide to barricade themselves in and seal up the mighty castle walls. No-one enters; no-one leaves. As food becomes scarce the inhabitants turn to desperate measures. Would you rather face the deadly plague that rampages outside of the castle walls or the unspeakable terror that lies within?

Mobility Guidance

- This scare maze takes place downstairs in the Kingmaker attraction and is therefore not accessible to wheelchair users and may pose problems for those guests those with limited mobility. Please see step count below.
- This is a ticketed timed attraction, tickets are free. There may be a queue at certain times, we recommend a single member of your group wait in the queue, if this may pose a problem please speak to the nearest member of staff who will arrange fast track for you. Our attraction staff will also be able to fast track you into the attraction.

Sensory Guidance

- The attraction features flashing lights and strobe effects. Music and effects are set at extremely high volume. Characters will be intent on scaring you and there will be jump scares throughout. This area may feel intensely claustrophobic to some guests
